Hospital Ship Brings Sick Men of Atlantic Fleet Force.

The United States naval collier Caesar and the naval hospital ship Solace arrived at this city yesterday, and are lying at the navy yard. The Solace brought here the sick from the fleet in the south Atlantic, and this afternoon the invalids will be transferred to the Naval Hospital. The Solace will return to Norfolk.

The Caesar has aboard old naval material from the Pacific coast which can be used in the work at the naval gun factory. The vessel several weeks ago carried the government exhibits from this city to the Panama-Pacific exposition at San Francisco, and after discharging cargo, took aboard the material she is now unloading. The collier made a trip to this city from the Pacific by way of the canal.

Look Over Your Wardrobe

Now is the time for looking over, sorting out and renovating your wardrobe.

It's surprising how a shabby gown or suit can be transformed by dyeing. Or, if merely soiled in places, Boron's famous partial-cleaning process restores original freshness.

We clean and dye laces and trimmings, either off or on the gown, and return them to you looking like new.

Boron dry cleaning is fully up to the Paris standard, and Boron dyeing is unequalled outside of France.
